Mr. J. B. Greer,
711 Davis St.,
Jacksonville, Fla.

Dear Mr. Greer:

Just received your letter in this Morning's mail, and I was quite surprised. I had received word from Posey last week that I was booking your team and received a wire from him two days ago that I could have the Charleston's San Blas Indians in Daytona Beach Easter Sunday, your name was not mentioned, so I assumed you had been booked elsewhere. I sent him a wire saying I preferred Jacksonville, with the Cubans my second choice, I would accept Charleston as my last resource. I received a wire back from him in answer, saying he was sending me Charleston's team. I wired accepting, however, upon receipt of your letter I am sending him another wire cancelling Charleston's date and telling him I am accepting Jacksonville. Please do not disappoint me now, as I will proceed to order placards today and have them shipped directly to Daytona Beach.

Please send some publicity to Dr. John L. Slack, 560 - 2nd Ave., Daytona Beach, Fla.

If there is any information you think I should have for the cards, send it air-mail-special. We will be in Camp a week before Easter Sunday, and I will have our Bus Driver to work on advertising the game as much as he can. I think we can work up enough interest to be better than being idle.

Very truly yours,

AM:CCJ
